

Policy for publication

All researchers participating in HOLOCLIP are asked to inform the HOLOCLIP Coordination Team when a paper is submitted to a scientific journal. This should be done by sending the paper title, authors, and abstract to Stenni B. (stenni@units.it), Frezzotti M. (massimo.frezzotti@enea.it), Crosta X. (x.crosta@epoc.u-bordeaux1.fr) and Goosse H. (hugues.goosse@uclouvain.be) who serve as coordinators.

As soon as a paper is accepted for publication, it should be reported to the same coordinators, and an HOLOCLIP publication number is given. The formal HOLOCLIP acknowledgements paragraph, to appear in all publications, is as follows:

Acknowledgements

The HOLOCLIP Project, a joint research project of ESF PolarCLIMATE programme, is funded by national contributions from Italy, France, Germany, Spain, Netherlands, Belgium and the United Kingdom.
